

The Link Community Hub Newsletter

Well it has been a very busy couple of months for us here at The Link Community Hub. The builders have finished and, after 13 months of camping in the church, we have moved back in. We are still busy setting up systems and snagging little things around the place but, we are now open for business.

If you are interested in booking the link then have a look at our fabulous new website where you will find prices and room sizes as well as a calendar of what's on and when the link is available to hire.

www.linkcommunityhub.org

At a Glance:

The Link Community Hub is a now a multi functional building able to be used by a number of community groups at any one time.

A first floor has been inserted into the building to provide a suite of three counselling rooms and a central meeting room. This will provide much needed and purpose-built facilities for our community partners - Crossways Counselling and Citizens Advice South West Surrey.

On the ground floor a spacious room has been created alongside a large kitchen and office space.

The Hub is fully accessible with lift access and is energy efficient with attention paid to insulation as well as the installation of hidden solar panels.

A new and welcoming street facing entrance has also been created.

In Focus:

On Sunday 14th June, Bishop Paul Davies led a service of thanksgiving and dedication of the new Link Community Hub.

Bishop Paul said: "The Link Community Hub is a great gift to a great town and I pray that, inspired by the story of the Good Samaritan, it might be a place which makes a good community become a great community, through building common life, ensuring compassion for all and enabling the crossing of boundaries – for the glory of God and the extension of his kingdom."

The service was followed by a drinks reception in the new link and was well attended by many people who have supported the project along the way.

Revd Chris Bessant said the Hub represents, "an exciting facility... serving the local community" and reflects the parish vision "to be the best church we can be for the whole people of Haslemere."

Coming Up:

The Link Community Hub is hosting an open day from 12- 4pm on Sunday July 19th for everyone to come and have a look around. There will be stalls from local groups and societies, activities and crafts for the children, food and drinks vendors as performances from our very own junior choir as well as some local singing groups and bands. Please do come along and join in the fun!
